Bio

Chiara's commanding voice and melodic instinct leads New Jersey Post-Punk band, Painters, with honest lyricism and igniting composition that makes their gothic dark-surf sound.

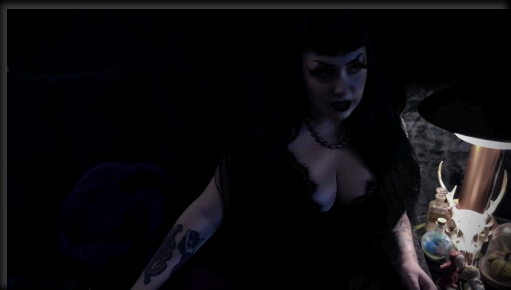

The 2022 Debut LP, *Painters*, set the tone for their range of beachy guitar matched with growling bass, and focused drumming.

The 2023 EP, *Divination*, sees them seek out a Synth-driven arc, with heavy brakes, and post-punk guitars crawling through it all.

Genre: Post-Punk, Dark Surf, Goth

For Fans of: The Cure, Chelsea Wolfe, Nick Cave & The Bad Seeds, Siouxsie and the Banshees, Garbage
